## JOYOUS WELCOME GIVEN SOLDIERS

### Seventeen Alexandrians Reach Home Last Night

### BOYS WELL AND HAPPY

**Returning Heroes Given Enthusastic Reception—Thousands Join In Demonstration—City in Gala Attire.**

Citizens of Alexandria last night turned out en masse to greet seventeen soldiers of this city, members of the 29th Division, who had served overseas and who arrived here at 10:15 o'clock last night from Camp Lee, Va.

Thousands of relatives and friends were at the Union Station to greet the home coming heroes and the citizens Welcome Home Committee, veteran members of the Old Alexandria Light Infantry and a host of others, including mothers, fathers, sisters, brothers and sweethearts, were on hand to welcome the soldiers.

The fire department turned out and there was a band on hand, and along the line of march there was plenty of red fire.

Before and after the arrival of the soldiers the whistles and bells of the city let loose and the old city was alive with onise. Every conceivable contraction used for noise making was put into full operation as the procession moved down King street, the main thoroughfare of the city, which was banked with humanity on either side. Practically the entire city turned out to give the boys a royal welcome.

Hundreds of automoiles took part in the procession and operators put into use the horns and the sirens of the fire apparatus also turned loose.

The soldiers headed by the Welcome Home Committee and the A. L. I., veterans' headed by Captain T. B. Cockran and hundreds of others, followed by the fire department and bands made up the procession which marched down King street to the War Camp Community Hall.

Upon arriving at the hall only the immediate relatives of the returned soldiers were admitted so great was the crowd.

Robert S. Jones presided and an address of welcome was delivered by Julian Y. Williams.

Afterward the soldiers were entertained at a luncheon served.

The big demonstrations for all will be held the second week in June.

ther Alexandria boys are expected during the coming week. As heretofore stated in the Gazette forty to forty-five Alexandrians were expected home.

While their was joy unbounded among the relatives of the returning soldiers on the other hand there was disappointment among others who had expected that their relatives would be along with the returning soldiers.

**Officers Elected by New Organization—Rising Vote of Thanks Tendered Retiring Officers.**

For some time past there has been under discussion, by committees appointed respecitvely by Mary Custis Lee Chapter, No. 7, and 17th Virginia Regiment Chapter, No. 22, United Daughters of the Confederacy, the consolidation of these organizations into one body, with a view to greater efficiency and effectiveness in the work which they have heretofore been engaged in as separate organizations. The joint meeting perfected a temporary organization by the selection of Mrs. George T. Klipstein as temporary chairman and Mrs. Louis N. Duffey as temporary secretary. ### WOMAN LEAVES BABY BEHIND CHURCH ORGAN

Alarmed at the large number of child abandonments which have occurred in the District during the past six months, the police are trying hard to identify the young woman who yesterday abandoned a four-months old white baby at St. Aloysius' Church, North Capitol and I streets.

The woman, apparently about 19 years old, appeared at the church with the baby about 11:15 o'clock yesterday morning. A few minutes later she was seen to leave the church, and soon after her disappearance the plaintive wail of a baby was heard. The sound was coming from behind the organ, and a search disclosed the infant, which was taken to the Fondling Asylum, at Fifteenth and R streets.

## GIVEN A TRIUMPH

Alexandria was agog again last night as it was the previous night. Seventeen young Alexandrians, who had been "over there" had been granted honorable discharges from the army were received with open arms as they alighted from a train at the Union passenger depot. Over forty had been expected, but the remainder of Alexandria's quota are likely to return at any time.

Whistles and bells were sounded all over the city. The larger portion of the community was in the streets anxious to gaze again upon the faces of the men, most of whom have just entered manhood, who were recently drilling in front of Armory Hall.

Our headline suggests a Roman triumph in the days of the Caesars. When the legions flushed by victory all the people of the former world capital turned out, While no lions appeared in the procession last night, the enthusiasm was as great as those which centuries ago animated the eternal city.

While Alexandrinas native and to the manner born wore out in force hundreds of our latest citizens also mingled and greeted the "boys."

King street was, of course, the scene of most of the rejoicing, but every neighborhood in the city was equally enthused and bunches of people gathered here and there in every section. Young men who had been far from their homes for many months were eagerly seized by fathers, mothers, brothers and sisters and conducted to their homes where friends had gathered to greet them. They were stopped ever and anon by neighbors and acquaintances which made their passage through the streets slow.

For the first time in many months the Alexandrinas slept last night in their beds at home. Camp and trench life are now but memories. They slumbered softly after having performed their duty for their country with no shrieking shells to disturb exhausted nature's sweet restorer.

## AERIAL TRAVELING

The following from Joaquin Miller's "Columbus" is appropriate today.

Behind him lay the gray Azores;
Behind the Gates of Hercules;
Before him not the ghost of shores,
Before him only shoreless seas.

The Atlantic Ocean has been crossed in an aerial passage, the American Navy winning the honor.

The American naval seaplane NC-4 accomplished the feat by winning its way to Lisbon today from the Azores, whence it had already flown from the shores of Newfoundland.

Many still living remember when it took the fastest steamers from four- [illegible] difficult to realize the fact that the great ocean has been [illegible] hours and 41 minutes.

What would Christopher Columbus thought of such a feat? The Pilgrim Fathers, after having been in the cradle of the deep for weeks, would have been moved to try a man for witchcraft for predicting such an achievement.

## MATERIALISM IN CHURCHES

Paul Rader, of the Moody Tabernacle, Chicago, in the opening address at the World Bible Conference, which began in the Academy of Music, Philadelphia, Monday morning, announced that the purpose of the conference is to revive the study of and renew faith in the Bible, and the addresses all day and evening tended to prove that as a result of materialism and other false philosophies even the Christian churches had little faith in the Scriptures.

Noted Bible students and writers on Scriptural subjects from all parts of the country are attending the sessions, and all agree that even in Christian pulpits there is seldom heard a discourse in which the old faith is expounded as laid down in the Scriptures.

By far the most emphatic speaker of the day was Mr. Rader, who handled rather roughly the up-to-date minister who had an esthetic dictrine all his own, taken from his picturesque imagination and swayed by his fantastic interpretation of "new thought."

In discountenancing the work of the preachers, Mr. Rader said they belonged to a chief union, which cooked up the Gospel of God Almighty as it suited them.

The evangelist went on to show that there was a growing spirit of materialsim today, evident in the churches and the colleges, which was placing the Christian Church in imminent danger.

He said the Bible is the greatest need of the college and the university today. Under present conditions, he said, the churches were more depraved than the theatres. "I see you could never find a town and pick out a good theatre. But can you do that in your churches?" asked the speaker. "No; you cannot, for the churches stand for everything but what they should stand for—the teaching of the Word of God."

The speaker referred humorously to the extensive social service activities which the churches are fathering, in the absence of teaching the Gospel. Social service, he said, was purely humanitarianism and a fad of the times to take up the interest of those who had nothing more substantial to direct their attention to. —(Philadelphia Record.

## (Communicated)

In answer to why automobiles should pay the city a fee—First of all if you are able to own and operate an automobile, you are well able to pay the city of Alexandria the sum of twenty-five cents a month to run over its paved streets and enjoy its police and fire protection.

You are not required to pay for the street in front of your property, it does not belong to the city, as the state owns them. You can voluntarily improve your portion of the street. Fifty per cent of the automobiles operated in the city of Alexandria are not listed for taxation. Those that are listed, only at a nominal sum. You do pay a state tax that goes for state roads, but the city of Alexandria gets no revenue from that fund, and the state cannot grant you a license to run on the streets of Alexandria if the city itself maintains a separate tax for that privilege. The city of Washington, Richmond, Petersburg, Norfolk, and all except the city of Alexandria get some revenue from the automobile. There are between fifteen hundred and two thousand autos in the city and at three dollars per annum we could pave a square each year.

The route to the High School in dry weather is fine.

I am sure you did not pay for any of the upper part of the King street improvement. So would suggest you only use it when teh submarine license is not needed.

Councilman.

## BELIEVE FOUR DIE IN FIRE

### Body of Woman Found in Chesapeake Bay Probably Ruth Jones.

Norfolk, Va., May 28.—Officials of the Old Bay Line here are now convinced that at least four passengers Virginia was burned in Chesapeake Bay early Saturday morning.

Officials here are sure that the body of a woman found floating in Chesapeake Bay was Miss Ruth Jones, of Baltimore. Miss Jones was a passenger on the Virginia and has not been accounted for.

It developed here yesterday that the fire started immediately beneath the stateroom occupied by the negro. Alfred Coleman, who is being held by Commissioner Stephenson for further investigation. Coleman was arrested on the nominal charge of being disorderly before the fire was discovered. After he had been placed in confinement he begged to be let free, and promised he would make no further disorder. Capt. Lane gave him his freedom. Shortly afterward the fire was discovered.

## WANTS PAY FOR BLOCKADE

### Fourteenth Note, Sent to Conference, Reported to be Final Communication.

Berlin, May 28.—Germany's demand for damages alleged to have been suffered through the British blockade have been reiterated in a fourteenth note sent to the allies by Count von Brockdorff-Rantzau.

With the exception of her expected general statement of counter terms for peace, this, it is declared, will be Germany's last note.

The big four yesterday continued consideration of the Austrian peace treaty, including the financial sections. The treaty, it was learned still has many incomplete provisions.

Because of this, and because it is necessary to devote much time to consideration of the notes emanating from the German delegates, it is not believed likely the treaty can be handed to the Austrians before the end of this week, and that action may possibly be deferred until next week.

German delegates at Versailles have declared unofficially they will not ask a further extension of time to discuss the treaty, and that their counter proposals will be ready by Thursday. Printing of their counter proposals is well under way aboard the special train, carrying printing equipment, which was brought here from Germany for that purpose.

## TRANS ATLANTIC FLIGHT

### Secretary Daniels Cables Message of Triumph to President Wilson

The Atlantic Ocean has been spanned through the air and to the American navy falls the honor and the glory of the achievement.

This achievement was written into history at 4.02 yesterday afternoon when the NC-4, naval seaplane, in command of Lieut. Commander Albert C. Read, landed at Lisbon, Portugal, from Ponta Delgada, completing the last lap of the flight from Trepassy, Newfoundland.

The NC-4 made the trip from Ponta Delgada to Lisbon, a distance of approximately 800 miles in 11 hours and sumed for the entire flight from Trepassey was a little more than 25 hours.

### POLISH POGROMS ARE PEACE RIFT

A rift has come to the Paris peacemakers over the treatment of Jews in Poland.

In a new state created and recognized by the conference, horrors rivaling those of Bolshevist Russia have been committed, and the Polish de facto government appears either unable or unwilling to stop them.

It was hoped that Poland would prove a barrier against Bolshevism and a "buffer state" between Germany and Russia. The statesmen of Paris regarded the recreation of the dismembered kingdom one of their major tasks. It now appears that the Pole is as partial to the program as was Czarist Russia, and that in the hour of this liberation he has a rather vague conception of religious freedom and of democracy.

### BURNS HERSELF TO DEATH

**Deaths of Youthful Pair on Highway Believed to Have Been Result of Suicide Pact**

Allentown, Pa., May 28.—Nava Newhard, 16 years old, and Palmer Lilly, aged 19, of Northampton, near here, died in a tragic manner yesterday afternoon as the result, it is asserted of a suicide pact, because the parents of the girl refused to permit her to accept the attentions of Lilly. Miss Newhard, it is said, was recently chastised by her mother because she persisted in keeping company with young Lilly.

The young people Monday evaded their parents and walked to Howertown, a mile away, where they sat down by the roadside and ended their lives. The girl, with the assistance of her lover, it is thought, set fire to her dress and was burned to death, except the shoes, being destroyed. Then young Lilly, according to the theory of the Coroner, shot himself several times through the head, dying in a few minutes. They left a note on the ground, in which they told of their purpose to die, as they could not live apart. The bodies were found soon after, and were turned over to the parents.

## Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes.

Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

**Foley Kidney Pills**

have been used for kidney trouble and bladder ailments by men and women with success for many years. They seem to get right at the root of the trouble, invigorating and strengthening, healing and soothing weak, sore, or disordered kidneys and bladder. They help the kidneys throw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Weissinger, 2824 Buena Vista, San Antonio, Texas, writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."

## THIEVES KILL OFFICER

**Police Search for Car Bearing Maryland License Tag**

Philadelphia, Pa., May 28.—Two men who offered a stolen motorcar for sale in Trenton yesterday speeded away when questioned closely. They crossed the bridge over the Delaware into Pennsylvania pursued by Abner Braun, a Trenton motorcycle policeman, who had been ordered to arrest them. For 20 miles the chase continued with Braun steadily gaining. At Bustleton, a suburb of Philadelphia, he overtook the men, and, pulling an automatic, ordered them to stop. The answer was a fusilade of shots. Five bullets entered Braun's body. The thieves vanished, leaving Braun dead in the road.

The police are searching for the car, which bore a Maryland license tag.

## HAWKER AND GRIEVE

**Enthusiastic Reception After Landing. Hawker and Grieve Accorded**

London, May 28.—London, tonight, gave royal welcome to Harry G. Hawker and Mackenzie Grieve, the aviators who fell into the sea when attempting a trans-Atlantic flight in a Sopwith land plane.

Arrangements for welcoming Hawker and Grieve took on the proportions of a national celebration. The greatest enthusiasm since the armistice was manifested. At the railway station 100 policemen were ordered out to handle the vast crowds.

Hawker's train received an ovation in every town it passed through.

London, May 28.—The Evening News says it understands the king intends to confer honors on Harry Hawker and Lieut. Commander Mackenzie Grieve.

The King has invited Hawker to visit him at the palace tomorrow.

## WILSON COMING HOME IN JUNE

Paris, May 28.—President Wilson expects to sail for America before June 30, and possibly as early as June 5, according to present plans.

The date of his departure is regarded as independent of the signing of th peace treaty by the Germans and it is confidently believed they will sign some time between June 1 and June 10.

The President's departure is not to be delayed by the Austrian complications regarding reparations and the Italian-Jugo-Slav boundary, it was declared today.

## FIRE RAGING ON AMERICAN TANKER AT MARSEILLES

Marseilles, May 28.—The American five-masted schooner, City of Orange laden with nearly 2,000 tons of petroleum, coke and coal, has been afire in the harbor here since last night.

The loss is estimated at more than $1,000,000. All other ships have been obliged to leave the harbor because of the danger of an explosion.

Coblenz, Monday May 28.—Gen. Fayolle, group commander, of two French armies of occupation, arrived here yesterday for a hurried conference with Lieut. Gen. Hunter Liggett regarding the emergency plans of the allies in the event the Germans refuse to sign the terms of peace.

The activity among the troops more marked during the last few days than at any time since they reached the Rhine. The American doughboys are preparing for action, some of them stating that in the near future they "will probably be moving in the direction of Brandenburg gate, Berlin, or toward the Statue of Liberty in New York"

**Your Next Winter's Coal**

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL, AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

## What Is Rheumatism? Why Suffer from It?

**Sufferers Should Realize That It Is a Blood Infection.**

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs, which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case address Chief Medical Adviser, Swift Specific Co., Dept. 43, Atlanta, Ga.

### GIRL CRAVED HERO STUFF

**Told Police Court of Wonders of Belleau Wood Before the Truth Came**

Providence, R. I., May 28.—Private "John Jones" stood in police headquarters and told a thrilling story of his part in the fighting overseas to Captain Connors. Names like Argonne, Chateau-Thierry and Bellau woods came unhesitatingly, and the tale was apparently corroborated by the two service stripes on Private "Jones's" sleeve.

"Take off your coat and hat," finally commanded the captain, and the jig was up. Private John Jones was nineteen year old Bertha J. Jenson, of Granville, Mass., and Police Patrolman John J. Sheehan, who brought "Private Jones" in, was found justified. Instead of a cropped soldier's head a fluffy mass of curls was revealed, while underneath the khaki coat was a low necked shirtwaist in stead of an army shirt.

"Private Jones" later pleaded not guilty to the charge of unseemly condut.

### TWO SHOT FROM AMBUSH

**Molena, Ga., Men Are Victims of Unidentified Assailant.**

Macon, Ga., May 28.—John Melton and "Rad" Jones, well known residents of Molena, near here, were shot to death from ambush Monday while crossing the Flint River in a small boat, according to word received here last night. The sheriff of Pike county said no motive for the murder had been established. Melton was about fifty, and leaves a widow and four children. Jones, aged thirty-seven, is survived by a widow and six children.

### MOONSHINER KING DEAD

**Wiley Glover, Killed in Battle With Officers, and Alleged Assistant is in Jail.**

Birmingham, Ala., May 28.—Wiley Glover, self-styled "king of Jefferson County moonshiners, is dead, and L. E. Felton, his alleged assistant, is in the county jail following a pitched battle with deputy sheriffs yesterday afternoon in the Sayre neighborhood, on the Cahaba River.

### DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twings. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies without any relief. My back got so weak and sore I could hardly pick up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I though thought I would have to give up. Finally, through the recommendation of a friend, I tried Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel a bit worse for the strain." (Above statement given April 13, 1915).

**Lasting Results.**

On March 14, 1919 Mr. Dawson added: "The cure Doan's Kidney Pills gave he has proven permanent. I can't say too much for Doan's."

### SON KILLS HIS FATHER

**Thad Masser, Old Citizen of Dillsboro, N. C., Shot as he Enters His Home**

Asheville, N. C. May 28.—Hearing a noise in the house late Sunday night, "Doc" Masser shot and killed his father, Thad Masser, an old and highly respected citizen of Dillsboro, near here. The elder Masser had gone out of the house during the night and returning made a noise and the son fired on him, thinking he was a burglar.

When the son lighted a lamp he discovered he had killed his father.

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."
